ITN for Payroll Processing Services

SECTION I. Introduction

A. Invitation to Negotiate

The Early Learning Coalition of Broward County, Inc. (the COALITION) is seeking proposals from one or more qualified vendor(s) to provide Payroll Processing Services for up to one or more years not to exceed five (5) years. This service is being procured through an Invitation to Negotiate (ITN) to select the best qualified responsible vendor(s) that is most advantageous to the COALITION through an open, competitive process taking price, service value and all other factors into consideration.

The source of funding for the requested services is as follows:

Federal:	80%
State:	13%
Local:	7%
Total	100%

B. About the Early Learning Coalition of Broward County, Inc.

The COALITION is a not-for-profit 501(c)(3) organization established in 2000, pursuant to the School Readiness Act of 1999 and Florida Statutes Section 411.01. The COALITON is designated by the State of Florida's Department of Education Division of Early Learning (DEL) as administrator of all publicly-funded early child care and education programs in Broward County. For over twenty years, the COALITION has been responsible for quality early care and education services for our children. We are accountable for helping families find and pay for local child care and for developing plans to address Broward County's early learning system needs.

Our Mission is to lead and support the early learning community to deliver high quality early learning experiences to young children and their families. Our Vision is that all children have high quality early learning experiences leading to success in school and life. We strive to accomplish this by providing resources, advocacy, leadership, coordination and oversight for our child care and early education industry. We promote quality in all child care programs by incentivizing performance standards and through coaching or training.

The COALITION administers the School Readiness (SR) program in order to prepare young children to successfully transition to school and also help close the achievement gap for low-income families. The SR program provides subsidized child care for children from eligible economically disadvantaged families, primarily focusing on children from birth to school age (zero to five) as well as after school care for school age children and those involved in foster care or the child welfare system. The SR program also provides a wide variety of training and quality support services to over 750 child care providers operating in the County.

The COALITION also provides Child Care Resource and Referral services (CCR&R) to all Broward families, regardless of income, to help them identify and select the best child care and early education options to fit their needs such as special education services, specific hours of operation, or location near a parent's work or school. This wide range of agency activities services over 30,000 children each year while allowing their families to remain employed and/or in school and channels more than \$160 million into the economy of Broward County annually. The COALITION's programs provide an invaluable benefit not just to the children and families served but also to child care employees, early educators, small and medium sized businesses, and the communities and municipalities they live in.

C. Background and Scope of Services

1. Background:

The Coalition has used its current outsource payroll processing vendor since 2006. The Coalition had a very small staff when it was founded, and the annual cost of payroll processing services was nominal. In the 19 years that have passed since then, the Coalition has expanded to approximately 220 employees and the annual cost for payroll services has reached the State of Florida's threshold that triggers a requirement for formal procurement. A new public procurement (this ITN) must be completed to finalize a new five-year agreement cycle and begin a vendor transition (if applicable) starting July 1, 2025. The Coalition aims to complete the configuration and transition process for the selected vendor (as applicable) by January 1, 2026.

Payroll Processing:

Selecting a vendor to provide online payroll processing services is **the primary goal of this procurement**. Applicants **must** offer payroll processing services in order to be considered responsive to this ITN. The Coalition currently uses outsourced payroll processing services for basic employee pay and employment data, time and attendance tracking, payroll processing, payroll tax filings and payroll troubleshooting. Under this ITN, the Coalition seeks a vendor that will provide high quality payroll processing services through the following minimum operational qualities and capabilities:

- Overall service reliability, accuracy, security, user-friendliness, and system flexibility
- Customizable employee data interfaces with workflows for internal or external users
- Robust time and attendance tracking capability that includes self-service job activity tracking
- Versatile cost allocation and cost code assignment capability
- Flexible, customizable, external export, import or API utilities that interface with other Coalition data systems
- Robust self-service pay, deduction, time off and salary administration policy interfaces
- Geo-location and mobile device-friendly features
- Robust vendor product technical support and staff training resources for payroll processing
- Flexible, customizable reports, including self-service reports available to employees.
- User friendly banking and cash management policies and utilities

Human Resource Activity Management (This is an optional element for this procurement):

Human resource activity management functions may be included in vendor responses to this ITN, but the Coalition will consider these features as a **secondary and optional goal of this procurement. Vendors are not required** to offer these additional features to be considered responsive to this ITN. The Coalition currently uses a variety of other systems to perform these functions in-house. Some of the features the Coalition would consider adding to an online Payroll Processing Platform include, but are not limited to:

- Recruitment and applicant tracking for vacant positions
- Self-service online onboarding for new hires
- Self-service annual compliance tracking for background screens and other requirements
- Self-service annual policy acknowledgements or trainings with signature workflows.
- Performance appraisal and performance management module with signature workflows
- Open enrollment benefit selection and updates module
- Professional development event participation tracking
- Resource library for coalition employment policies, job descriptions and other human resource documents
- Staff termination and off-boarding checklists with workflows
- User friendly human resource records repository with convenient document retrieval for audit requests
- Customizable human resource data reports and analytics

2. Scope of Services

Online Platform License (Software as a Service):

The successful vendor will offer a software-as-a-service license for an online customizable payroll platform that the Coalition can use to process, manage and analyze employee payroll and workflow data. The system must be user friendly, secure and sufficiently flexible to meet the Coalition's compliance and operational needs in alignment with the capabilities described in paragraph 1 of this Section C above. The platform must permit staff to manage user access, establish business rules to enforce payroll policies and modify workflows as our business needs evolve. The Coalition processes payroll for 200-220 employees every two weeks. For a list of desired technical specifications, see Exhibit C "Checklist of Desired Product Features" attached hereto.

Customer Service & Support:

The successful vendor will offer robust product support to ensure that the platform functions continuously as designed with the standard of quality described in the vendor's response to this solicitation and in product demonstrations. The successful vendor will also offer timely, responsive support to Coalition staff to assist with payroll processing, problem solving and product usage as part of its software-as-a-service license fee.

In addition to assisting with the online platform, Vendor support will include accurate guidance and training on an as-needed basis for Coalition staff on payroll calculation rules, requirements and best practices as set forth in applicable Federal or State laws and regulations.

Data Migration, System Configuration and Implementation Services:

The successful vendor will propose a comprehensive and realistic plan for migrating employment and pay data (including historical data if possible) to the new system (if applicable), configuring the system to meet the Coalition’s needs and business rules, and launching & fine tuning the new services by January 1, 2026.

The plan must also include:

- The level of assistance the vendor will provide to the Coalition in developing business rules and work flows
- The amount and type of trainings the vendor will provide to Coalition administrators and key users
- The resources that will be available to Coalition staff going forward such as user manuals, knowledge base, tutorials and tools.

Subject to the foregoing, an officer, director, official, principal, or bona fide employee of an organization, person or entity seeking to become a Vendor may engage in lobbying without payment of any compensation or reimbursement of expenses for such lobbying, whether directly or indirectly. No monies paid by the COALITION shall be used by a Vendor agency to hire a lobbyist or to supplant any funds which would allow for the funding of a lobbyist. Any Vendor or lobbyist for Vendor, paid or unpaid, is prohibited from having any private communication concerning any procurement process or any response to a procurement process with any COALITION staff or rating committee members after the issuance of a Vendor opportunity and until completion of contract or purchase order. This restriction does not limit the COALITION's right to use or disclose the information designated as trade secrets or confidential which is obtained from another source.

Any exemption claimed will be limited to the pertinent data/documents and must be supported by a state or federal statutory exemption. Notwithstanding anything to the contrary, nothing contained in the proposal shall be deemed or interpreted to restrict or prevent the COALITION from complying with the disclosure requirements of Chapter 119, Florida Statutes, when material is incorrectly identified or does not statutorily qualify as a trade secret or confidential information. By submitting a Proposal, the Vendor covenants not to sue the COALITION and waives any claim against the COALITION arising under Chapter 119, Florida Statutes or in connection with or as a result of any disclosures by the COALITION in connection herewith.

The Dispute Resolution Committee will have two (2) business days from the day of the committee meeting to forward a recommendation to the CEO or their acting designee (if CEO is unavailable) regarding the Vendor’s protest. The Committee, at its sole discretion, may extend the time to forward its recommendation to the CEO or their acting designee (if CEO is unavailable), however, in no event shall such time frame extend beyond (5) business days from the day of the committee meeting.

If it is determined that the solicitation or award is in violation of law, the solicitation or award shall be canceled or revised. If it is determined that the solicitation or award should be upheld, the Chief Executive Officer shall promptly issue a decision in writing stating the reason for the action with a copy furnished to the protesting Vendor. The decision of the Chief Executive Officer shall be final and conclusive as to the COALITION and to the protesting Vendor.
